PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate and Full Stack Developer Intern with hands-on experience building responsive web applications using HTML, CSS, JavaScript, React, Java (OOP), and SQL. Skilled in REST API testing with Postman, version control with Git/GitHub, and end-to-end development from database design to UI implementation. Proven ability to deliver functional, well-structured projects independently and in team settings. Seeking a Software/Web Developer role to apply strong technical fundamentals and a fast learning mindset.

TECHNICAL SKILLS

- Programming Languages: Java (OOP), JavaScript
- Web Technologies: HTML5, CSS3, JavaScript, React
- Databases: SQL, MySQL
- Tools & Platforms: Git, GitHub, Postman, VS Code, Eclipse, FlutterFlow
- Concepts: REST API Testing, Responsive Design, OOP, Data Structures, Cyber Security Basics, Cloud Computing Fundamentals
- Productivity & Design: Microsoft Excel, PowerPoint, Canva

INTERNSHIP EXPERIENCE

Full Stack Developer Intern — EcLearnix EdTech Pvt. Ltd., Coimbatore

Feb 2026 – MAR 2026

- Developed and maintained responsive front-end interfaces using HTML, CSS, and JavaScript, improving usability across devices.
- Performed REST API testing using Postman to validate endpoint functionality and support backend integration.
- Assisted with data collection, content management, and website maintenance to support ongoing product operations.

Web Development Intern — Falcon Software Solutions Pvt. Ltd., Coimbatore

Jul 2024 – Aug 2024

- Built and updated responsive web pages using HTML, CSS, and JavaScript in an agile team environment.
- Implemented UI improvements and interactive features based on project requirements, enhancing user experience.

ACADEMIC PROJECTS

Java Bank Management System

2025

- Designed and developed a console/desktop banking application in Java implementing OOP principles to manage accounts, deposits, withdrawals, and transaction history.
- Integrated SQL database for persistent storage of customer and transaction records, ensuring data accuracy and integrity.
- Technologies: Java (OOP), SQL, JDBC

Smart Job Tracker (Full Stack Web App)

2025

- Built a full stack web application to help users track job applications, interview stages, and follow-up reminders.
- Developed responsive UI with HTML, CSS, JavaScript, and React; used SQL for structured storage of job records.
- Implemented add, update, delete, and status-tracking functionality to streamline the job search workflow.

AI-Based Steganography Web Tool

2026

- Building a web application to securely hide and retrieve secret messages within images using encoding/decoding techniques.
- Technologies: HTML, CSS, JavaScript, Java (OOP), SQL

EDUCATION

SNS College of Engineering — B.E. Computer Science & Engineering (IoT & Cyber Security incl. Blockchain) 2022 – 2026

- CGPA: 7.82 / 10

Balakrishna Matriculation Higher Secondary School — SSLC & HSC

2020 – 2022

- SSLC: 92% | HSC: 71%

CERTIFICATIONS

- Java — Infosys Springboard
- HTML & CSS — PrepInsta
- SQL — PrepInsta
- Azure AI Fundamentals — Microsoft
- Cyber Security — NPTEL
- Distributed Cloud Computing — NPTEL
